April 30, 2019

Dear Valued Customer,

As a result of increasing credit card service fees, we are changing our credit card service provider from Global Payments to Option Pay **effective July 1, 2019**.

As a result of this change, you, the customer, will have control over your payment options and will be responsible for the service fees tied to the credit card you choose for payment method.

With the changeover to Option Pay on July 1, 2019, you can now make on account payments with your chosen credit card.

For more information on Option Pay, please visit <http://www.optionpay.ca/>

*Please note there will be no change for debit transactions.*

If you have any questions please contact Alissa at 403-328-0808 or [accrec@southlandit.com](mailto:accrec@southlandit.com).

We look forward to your continued business.

Sincerely,

Kayelene Kelly CPA, CA  
Controller
